230 V USB Charger "Quick Charge™ 3.0"

This SCHWAIGER® charger adapter was designed for connection to a 230 V socket. This product is a model with Qualcomm Quick Charge 3.0 technology. This allows compatible devices to charge up to 80% in just 35 minutes. This means 4 times faster

charging (of compatible products) compared to conventional chargers. Furthermore, the charging adapter is downward compatible and devices without Quick Charge technology can also be charged.

FEATURES (LAD440 532)

- product with Quick Charge™ 3.0 technology
- Qualcomm® licensed product
- charges compatible devices up to 80% in just 35 minutes
- automatic charge control
- for plugging into a 230 V power outlet
- easy charging of portable devices via USB connection
- integrated multi-protection safety system (short-circuit protection, overvoltage protection, overheating protection, overcharge protection)
- very compact shape
- universal use

TECHNICAL DATA

Quality	PROFESSIONAL	Overvoltage protection	yes
Connections	1 x USB 2.0 A jack 1 x Euro plug (type C)	Short-circuit protection	yes
Power supply	input: 230 - 250 V AC , 50 Hz output: 5 VDC , 2400 mA (total)	Overheating protection	yes
Quick Charge	output: 3,6 - 6 VDC , 3000 mA output: 6,2 - 9 VDC , 2000 mA output: 9,2 - 12 VDC , 1500 mA	Suitable for	smart phone, tablet, camera, headphones
Point of use	indoor use	Output power	15 W
Overcharge protection	yes	Material of product	plastic metal
		Colour	white
		Packaging	carton
