23-55" Ultra Slim Full Motion LCD TV Wall Mount Bracket Black

Techly 23-55 Ultra Slim Full Motion LCD TV Wall Mount Bracket Black" ICA-PLB 171M:

A lot of the other brackets which can tilt forwards and also pivot/swivel left and right are quite bulky and can't fold up very compactly, making it hard to position your TV close to the wall. This bracket doesn't have that problem: it can fold back to within 46mm from the wall.

Its ultra slim design makes it easy to handle and quick to place, but at the same time has a robust structure capable of supporting the monitor up to 30 kg in weight.

- Low profile design matching the new slim LED TVs
- New tilting system for achieving -2° to + 12° angle adjustment
- Decorative sleeves on the arms for better cable management and nice appearance
