Highlights

Decorate for the holidays with light

Holiday cheer starts here – with smart light! Use your Philips Hue lights to transform your home into a festive experience: bright reds and greens for Christmas, subtle pastels for spring or even an eerie purple glow to create the most haunted house on the street at Halloween.

Unique architectural light shapes

Create an architectural focal point with outdoor fixtures that offer razor-sharp, triangular light effects against any wall or surface.

Control it your way

Connect your Philips Hue lights with the Bridge and start discovering the endless possibilities. Control your lights from your smartphone or tablet via the Philips Hue app, or add the indoor switches to your system to change your lights. Set timers, notifications, alarms and more for the full Philips Hue experience. Philips Hue even works with Amazon Alexa, Apple Homekit and the Google Assistant to allow you to control your lights with your voice.

Weather-proof (IP44)

This Philips Hue outdoor fixture is specially designed for use in outdoor environments and has undergone rigorous tests to ensure its performance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This lamp is designed with IP44: it is protected against water splashed from any direction. This product is ideal for general outdoor use.

Create a personalised experience with colourful smart light

Transform your home with over 16 million colours, instantly creating the right atmosphere for any event. With the touch of a button, you can set a festive mood for a party, turn your living room into a movie theatre, enhance your home decor with colour accents, and much more.

Unlock outdoor smart lighting with the Bridge

To use Philips Hue outdoors, you'll need a Bridge, which unlocks the full suite of smart lighting features. Control your lights from anywhere, control lights with your voice, automate your lights, get automatic updates — and expand your smart lighting collection outdoors!
