HyperX Alloy Origins 65 - Mechanical Gaming Keyboard - HX Aqua (US Layout):

Brilliantly Compact

The HyperX Alloy Origins 65 is a balanced keyboard which blends compactness and functionality, but compromises nothing. A 65% form factor makes it more compact than a tenkeyless keyboard, while still offering arrow keys. With a durable, full aluminum body, and balanced HyperX switches rated to withstand 80 million keypresses, it's as reliable as it is compact. The stock double shot PBT keycaps have the keys' secondary functions printed on them so you can quickly locate any additional functionality you need. Let your style shine bright with the HyperX switches' exposed LED design, and stunning lighting effects. Further customize your keyboard with macros, personalized lighting profiles, and more with HyperX NGENUITY software.
