GSR 12V-15 Professional: Further information

Product Highlights

The GSR 12V-15 Professional cordless drill driver offers well-balanced performance and compactness in Bosch's 12 V category. Its 30 Nm hard torque and 0-1,300 rpm offer the best performance-to-size ratio. Its compact design allows for optimum handling and makes it ideal for working overhead and in tight spaces. Overload, overheating, and deep discharge are prevented by the drill driver's Electronic Cell Protection. This tool is intended for drilling in wood with a maximum diameter of 19 mm, in steel up to 10 mm, and for screw diameters of up to 7 mm. It is compatible with all Bosch Professional 12 V batteries and chargers (Professional 12V System).

Equipment & Application

The GSR 12V-15 Professional also features 2-gear, Autolock, charge level indicator, Electronic Motor Protection, and Li-ion.
