

# DeepCool LT360 ARGB Processor All-in-one liquid cooler 12 cm Black 1 pc(s)

Brand : DeepCool

Product code: R-LT360-BKAMNC-G-1

Product name : LT360 ARGB

600 - 2400 RPM, 3 x 120 mm, 72.04 CFM, 3.48 mmAq, 38.71 dB(A), 402 x 120 x 27 mm, 1856 g  
DeepCool LT360 ARGB. Type: All-in-one liquid cooler, Fan diameter: 12 cm, Rotational speed (min): 600 RPM, Rotational speed (max): 2400 RPM, Maximum air pressure: 3.48 mmH2O, Bearing type: Hydro Dynamic Bearing (HDB). Voltage: 12 V. Product colour: Black

| Performance                          |                                                                                                                                                     | Power                        |                   |
|--------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------|-------------------|
| Suitable location *                  | Processor                                                                                                                                           | Voltage                      | 12 V              |
| Type *                               | All-in-one liquid cooler                                                                                                                            | Fan power consumption        | 2.64 W            |
| Fan diameter                         | 12 cm                                                                                                                                               | Pump power consumption       | 4.2 W             |
| Supported processor sockets          | LGA 1150 (Socket H3), LGA 1151 (Socket H4), LGA 1155 (Socket H2), LGA 1200 (Socket H5), LGA 1700, Socket AM4, Socket AM5, Socket sTR4, Socket sTRX4 | Rated current                | 0.35 A            |
|                                      |                                                                                                                                                     | LED voltage                  | 5 V               |
| Rotational speed (min)               | 600 RPM                                                                                                                                             | Pump voltage                 | 12 V              |
| Rotational speed (max)               | 2400 RPM                                                                                                                                            | Pump current                 | 0.35 mA           |
| Maximum airflow                      | 72.04 cfm                                                                                                                                           | Fan voltage                  | 12 V              |
| Maximum air pressure                 | 3.48 mmH2O                                                                                                                                          | Fan current                  | 0.22 A            |
| Pulse-width modulation (PWM) support | ✓                                                                                                                                                   | LED power consumption (pump) | 3.15 W            |
| Bearing type                         | Hydro Dynamic Bearing (HDB)                                                                                                                         | Weight & dimensions          |                   |
| Fan noise level (max)                | 38.71 dB                                                                                                                                            | Radiator width               | 40.2 cm           |
| Pump connector                       | 3-pin                                                                                                                                               | Radiator depth               | 12 cm             |
| Quantity per pack                    | 1 pc(s)                                                                                                                                             | Radiator height              | 2.7 cm            |
| Pump motor speed                     | 3400 RPM                                                                                                                                            | Tube length                  | 41 cm             |
| Pump motor speed (max)               | 3400 RPM                                                                                                                                            | Pump width                   | 9.4 cm            |
| Fan speed (min)                      | 600 RPM                                                                                                                                             | Pump depth                   | 6.8 cm            |
| Fan speed (max)                      | 2400 RPM                                                                                                                                            | Pump height                  | 8 cm              |
