Veterinarian visit at the farm

schleich FARM WORLD Veterinarian visit at the farm:

Expansion set for the veterinary practice with pets from the schleich® FARM WORLD. The vet needs to hurry! A calf on the farm is in urgent need of treatment. He jumps in his pickup and rushes to help!

A calf on the farm has sprained its foot. The vet jumps in his pickup straight away with his Labrador and the cat, and heads off to examine the calf. The vet's case with medication and bandages is always in the loading bay of his pickup. He bandages the calf right away and drives it to the veterinary practice. After the X-ray it can recuperate there before being taken back to the farm.
